Personal Profile

An enthusiastic self-starter pursuing a career change from teaching, my recent software engineering skills bootcamp has given me a thorough grounding in full-stack development.

Currently studying a comprehensive Udemy software development course in my spare time. Fueling my passion for coding by completing further projects.

While exploring Node.js, Python, Flask, and MySQL, discovered a particular interest in backend development.

Would like a junior role for a successful and innovative company where I can put my skills into practice.

Education and IT Training

Jan 2023-Present	**Udemy, Online** **The Complete Web Development Bootcamp** Full-stack software development training covering HTML, CSS, JavaScript, Node, React, MongoDB, and Web3.

Employment History

Jul 2022-Oct 2022   **TEMBO Impact, London**
                             Marketing Executive (freelance)

- Planned and executed cross-channel marketing campaigns aligned with event or project objectives, with guidance from the Head of Marketing.
- Worked under pressure, both independently and collaboratively within a supportive team, to meet client needs and expectations based on daily briefs.
- Received positive feedback from clients, particularly for my content writing, indicating their satisfaction with the results of my work.

Feb 2021-Jun 2022   **Plugged IN, London**
                             Digital Marketing Assistant (voluntary)

- Worked with a not-for-profit organisation focused on electronic music and visual arts events.
- Produced video ads and managed their publication on Instagram and Facebook. Spearheaded a successful long-term social media campaign.
- Demonstrated excellent teamwork as every member pushed themselves to reach more artists and locations for performances.

Sep 2005-Feb 2021   **Various schools, London**
                             SEND Class Teacher

- Taught SEND (Special Educational Needs and Disability) students.
- Successfully completed planning, preparations, and assessments within specified timeframes.
- Experienced Senior Leader in the Sixth Form Department adept at handling challenging situations, working under pressure, and meeting deadlines effectively.
- Received two Outstanding ratings from OFSTED, commending my creativity, organisational skills, and passion.

Interests and Achievements

Computing:

- Created and edited videos for electronic musicians using Final Cut Pro, with a selection available on YouTube.
- Live performance as a VJ (Video Jockey) using advanced software such as VDMX for playing and mixing visuals, and MadMapper for video mapping.

Hobbies:

- Visual artist and VJ since 2018.
- Passionate about electronic music, and discovering new bands.
- Keep fit with jogging and yoga.
